## ZW-6 series

The Hitachi ZW wheel loaders are designed with one aim in mind: empowering your vision. In terms of productivity, comfort, advanced technology, environmental performance and maintenance, they deliver on all levels. They not only meet your expectations of high-quality, reliable machines, but also provide your operators with a safer working environment, comfortable cabs with easy-to-use controls, and overall, machines that respond quickly and precisely. To ensure optimum productivity of the ZWs, we have incorporated easy maintenance features into the design. We also have an extensive “After Sales Solutions” suite of programs to provide you with all of the tools to manage your total cost of ownership.
