FELLING® Rigid Neck Semi Trailers

FELLING Trailers manufactures a large range of Rigid Neck Semi Trailers with several base models to choose from. If one of our base models doesn't fit your needs, we also offer a multitude of options to customize the trailer to your exact hauling needs. All Felling Rigid Neck Semi trailers come standard with a straight deck and tandem or triple axles. Create a trailer that fits your hauling needs, with a beavertail, ramps and dimensional options to make it the perfect match for equipment such as motor graders, loaders, dozers and crawlers.

- SD - Step Deck Series
- NN - Narrow Neck Series
- PL-HT & PH-HT - Perimeter Frame Hydraulic Tail Series
- HX -High Flat Series
- MX-Full Width Deck Series

Above is the **FT-70-2 MX, 35 ton** - with a 10' top deck with 90° rise, white oak deck and Optional 5' beavertail with 5' spring-assist ramps.

90 Degree Neck

45 Degree Neck

30 Degree Neck

FELLING Rigid Neck Semi trailers are available with four neck angles; 90° neck with a 10' top deck, 45° neck with a 9' top deck, 30° neck with a 9' top deck or, 20° neck with 9' top deck.

FT-70-2 HX, 35 ton (Flat Deck)

The **FELLING** HX (Flat Deck) is manufactured with a 16" H-Beam main frame and 10" Structural side rails to ensure strength and stability no matter your cargo.

FT-70 NN-LX, 35 ton (Narrow Neck) with Optional motor grader ramps.

Standard Narrow Neck

The **FELLING** Narrow Neck Semi trailer is the economical answer for your hauling needs, this classic style trailer fits the bill.

Opt. Motor Grader Ramps

Opt. Covered Wheel Wells w/Traction Bars

FELLING®

Rigid Neck Semi Trailers

FELLING offers a broad range of deck options, one of them being the Hydraulic Tail which consists of an 8' hydraulic tail plus 4' fold under. The hydraulic tail provides additional useable deck space by folding under for transport. For loading and unloading, the tail raises upward to fully extend (to dock height if needed), then lowers to the ground to provide a ramp for ease in moving equipment on or off of the trailer.

FT-70-2 MX, 35 ton
with optional Hydraulic Tail and Winch

FT-80-3 MX, 40 ton with optional 36" Wide
Bi-Fold Self Contained Elec/Hyd 6' +5' ramps and 20° neck.

FT-70-2 MX-TD, 35 ton

The **FELLING** Tilt Deck Semi Line consists of the FT-70-2 MX-TD, FT-80-3 MX-TD and the FT-100-3 MX-TD. Equipped with twin cylinders with power up/down, the tilt bed can be locked into place while loading and unloading multiple pieces of equipment and then released to allow the tilt bed to float down into transport position.

FT-70-2 MX-TD, 35 ton

FT-100-3 MX-TD, 50 ton (shown above) standard with a 9' top deck and 90° neck.
